**1 INFORMATION WE COLLECT.**

We collect data to provide the products and services you request on the Site, ease your navigation on the Site, communicate with you, and improve your experience using the Site. Some of this information is provided by you directly to us, such as when you create an account. Some of the information is collected through your interactions with the Site or third party websites and applications. We collect such data using technologies like Cookies (as defined below) and other tracking technologies, error reports, and usage data collected when you interact with our Site. Some of the information is collected from your use of, and interactions with, us and others on social media, including but not limited to Facebook®, Instagram®, Twitter®, and LinkedIn® (collectively, “**Social Media**”).

The data we collect depends on the products, services, and features of the Site that you use, and includes the following:

**1.1 Personal Information.**

In general, we collect any information that identifies, relates to, describes, is reasonably capable of being associated with, or could be reasonably linked, directly or indirectly, with a particular consumer (“**Personal Information**”) that you submit to us in the process of creating or editing your account and user profile on the Site or that you submit to us voluntarily through your use of the Site.

We may also collect Personal Information from third parties, such as Social Media, Payment Processors, product vendors, and other partners. Our collection of this information allows us to provide you with our products and services, establish, maintain and support your user account on the Site, and communicate with you in accordance with our Terms.

**1.2 Automatically Collected Usage and Device Information.**

Similar to other websites, we use tracking technologies to automatically collect certain technical information from your web browser, mobile, or other device when you visit the Site. This data may include, but is not limited to, your IP address, browser type and language, referring/exit pages and URLs, other browser history, platform type, number of clicks, landing pages, the pages you requested and viewed, the amount of time spent on particular pages, and the date and time of your visits. Our collection of this data, described in more detail below, allows us to provide more personalized high-quality services to you and to track usage of the Site.

**A. Cookies.** We automatically derive and collect certain data based on your interactions with us on the Site using cookies and similar technologies (collectively, “**Cookies**”). Our collection of data through Cookies includes information about your browser and Site usage patterns, which may include your IP

address, browser type, browser language, referring/exit pages and URLs, pages viewed, links clicked, whether you opened an email, and information about the device you use to access the Site. Our collection of this information allows us to improve your user experience in various ways, such as to personalize our display of the Site to you, to “remember” whether or not you are signed in, and to provide better technical support to you. *Please note:* If you restrict, disable or block any or all Cookies from your web browser or mobile or other device, the Site may not operate properly, and you may not have access to certain services or parts of the Site. We will not be liable for any interruption in, or inability to use, the Site or our services or degraded functioning thereof, where such are caused by your settings and choices regarding Cookies.

**B. Pixels (aka web beacons/web bugs/java script).** We may use Pixels to automatically record certain technical information about your interactions with us when you visit the Site or otherwise engage with us, to help deliver Cookies on our Site, or count users who have visited the Site or used our services. We may also include web beacons in our promotional e-mail messages or newsletters to determine whether you open or act on them for statistical purposes. “**Pixels**” are tiny graphics (about the size of a period at the end of a sentence) with unique identifiers used to track certain online actions, movements and related information of Site users. Unlike Cookies, which are stored on a user’s computer hard drive, Pixels are embedded invisibly on web pages or in HTML-based emails. The data we receive through Pixels allows us to effectively promote the Site to various populations of users, and to optimize external advertisements about the Site that appear on third-party websites.

### **1.3 Location Information.**

We collect precise geolocation data from you or your device, as well as your address information, e.g., shipping and billing address, when you set up your account and order our products or services. We also collect and use information about your general location (e.g., your state of residence) and can infer your approximate location based on your IP address in order to track our general Site usage or to tailor any pertinent aspects of your user experience to the region where you are located.

### **1.4 Social Media.**

If you interact with us or our other users regarding Breakthrough Learning and its products and services on any Social Media: (a) the Personal Information that you submit by and through such Social Media can be read, collected and/or used by us (depending on your Social Media privacy settings) as described in this Privacy Notice, and (b) where Breakthrough Learning responds to any interaction with you on Social Media, your account name/handle may be viewable by any and all members or users of Breakthrough Learning’s Social Media accounts. We are not responsible for the Personal Information that you choose to submit or link on any Social Media. Social Media operates independently from Breakthrough Learning, and we are not responsible for Social Media interfaces or privacy or security practices. We encourage you to review the privacy policies and settings of any Social Media with which you interact to help you understand their privacy practices. If you have questions about the security and privacy settings of any Social Media that you use, please refer to the applicable privacy notices or policies.

## **2 THIRD PARTY ANALYTICS PROVIDERS.**

We also use Google Analytics and other third party analytics providers (“**Analytics Providers**”) to collect information about Site usage and the users of the Site. Analytics Providers use Cookies in order to collect demographic and interest-level information and usage information from users that visit the Site, including information about the pages where users enter and exit the Site and what pages users view on the Site, time spent, browser, operating system, and IP address. Cookies allow Analytics Providers to recognize a user when a user visits the Site and when the user visits other websites. Analytics Providers use the information they collect from the Site and other websites to share with us and other website operators’

information about users including age range, gender, geographic regions, general interests, and details about devices used to visit the Site and other websites and purchase items. For more information regarding our Analytics Providers' use of Cookies, collection and use of information, and how to opt-out of tracking, see:

- Google: Google's Privacy Policy is available at <https://policies.google.com/privacy?hl=en>. Google Analytics Opt-out Browser Add-on is available at <https://tools.google.com/dlpage/gaoptout>).

### **3 EXTERNAL LINKS.**

The Site contains links to third party websites and services, including links to Social Media. We are not responsible for any of the content or features or functionality of other linked websites or services. We are also not responsible for the privacy practices and the terms and conditions of use for any external websites or services. The linked websites and services may collect Personal Information from you that is not subject to our control. The data collection practices of linked third party websites and services will be governed by that third party's privacy policy and terms of use.

### **4 HOW WE USE YOUR INFORMATION.**

#### **4.1 General.**

#### **4.2 Account-Related Emails.**

When you create an account with us and provide us with your email we may, subject to applicable law, use your email address to send you Site-related notices (including any notices required by law, in lieu of communication by postal mail), updates, news, and marketing messages. For example, when you register, you will receive a welcome email. If the Site or our services are temporarily unavailable, we may also send you an email.

Email communications you receive from us will generally provide an unsubscribe link or instructions allowing you to opt out of receiving future emails or to change your contact preferences. If you have an account with us, you can also change your contact preferences by updating your contact information within your account settings. Please remember that even if you opt out of receiving marketing e-mails, we may still send you important service information related to your account and the Site. If you correspond with us by email, we may retain the content of your email messages, your email address, and our responses.

#### **4.3 Advertising.**

We use third-party service providers to serve advertisements or collect data on our behalf across the internet and on this Site (“**Advertisers**”). Some of these Advertisers may collect your Personal Information about your Site visits and your interactions with our products and services to tailor marketing messages on the Site or other sites, or to trigger real-time interactions, customize the Site, or enhance your profile. Advertisers may use Cookies, Pixels and other technologies to collect your Personal Information, measure the effectiveness of their advertisements, and personalize the advertisements on the Site. Some of these Advertisers may collect your Personal Information that you share on the Site via a web form automatically and prior to your submission of the Personal Information (i.e., before you click, “Submit”). Advertisers may be able to use information from your Site visits to send marketing messages to you in a way that could personally identify you. The information collected by Advertisers may include your IP address, email addresses and other user and device level information. For example, when Advertisers send advertisements and links that appear on the Site directly to your browser, they automatically receive your IP address. Please keep in mind that your browser settings may not permit you to control Advertisers’ technologies, and this Privacy Notice does not apply to, and we cannot control the activities of, Advertisers. If you would like more information about Advertisers’ practices, please see <https://optout.aboutads.info/#/>.

#### **4.4 Non-Personally Identifiable Information.**

We may use non-personally identifiable information, such as anonymized and/or aggregated Site usage data, in any manner that does not identify individual users for the purpose of improving the operation and management of the Site, including to develop new features, functionality, and services, to conduct internal research, to better understand Site usage patterns, to resolve disputes, to troubleshoot problems, to fulfill user requests, or for security and compliance purposes. Any non-personally identifiable information that is combined with Personal Information will be treated by us as Personal Information.

#### **4.5 Payment Processors.**

If you purchase or pay for products or services via the Site, the transaction may be handled by our service providers or third party vendor(s) responsible for processing your payment (“**Payment Processors**”). These entities have their own privacy policies and those terms will apply to you. Please be sure to review them at the links provided during payment processing.

## **5 OUR INFORMATION SHARING PRACTICES.**

When we disclose Personal Information for a Business Purpose, we enter into a contract that describes the purpose and requires the recipient to keep that Personal Information confidential and use only for performance of the contract, and not for any other purpose. We share your information, including any Personal Information, in the circumstances described below.

### **5.1 Business Purposes.**

We disclose Personal Information for the Business Purposes more fully described in [Section 4](#) and to the following categories of third parties:

- Social Media.
- Analytics Providers.
- Payment Processors.
- Other third-party marketing service providers.
- Affiliated persons or third-party service providers assisting us in the operation, management, improvement, research and analysis of the Site. Affiliated persons or our third-party service providers may augment, extend, and combine non-personally identifiable information with data from additional third party sources in order to assist us with the above. Use of information by affiliated persons and third-party service providers will be subject to this Privacy Notice or an agreement that is at least as restrictive as this Privacy Notice.

### **5.2 Legal Requirements.**

We reserve the right to disclose all information collected via the Site, internally, to affiliates, or to third parties, for any lawful purpose or to prevent harm to us or others. For example, and without limitation, in our discretion, we may disclose information to government regulators, law enforcement authorities or alleged victims of identity theft. We will notify you in the event of a government or legal request for your information unless otherwise prohibited by law.

### **5.3 Organizational Transitions.**

If we should ever transfer or restructure the operational ownership of the Site, such as through a merger with another entity or a reorganization of all or a part of our operational responsibilities or assets, we may disclose, transfer, assign our rights, and/or delegate our duties to your information without notice and consent, including to prospective or actual recipient or acquiring entities. Should this occur, we will require any third party receiving your Personal Information as described under this subsection to be contractually required to provide the same level of privacy compliance as provided by us under this Privacy Notice.

### **5.4 Disclaimer.**

We cannot ensure that all of your Personal Information will be disclosed only in the ways described in this Privacy Notice. For example, third parties may unlawfully intercept or access transmissions or private communications, or users may abuse or misuse your Personal Information that they collect from the Site. Even with the most rigorous information security standards, no transmission of data over the internet can be 100% secure.

## **6 CHILDREN'S PRIVACY**

The Children's Online Privacy Protection Act of 1998 and its rules (collectively, "**COPPA**") require us to inform parents, legal guardians, and in the case of school-based activities, teachers and school administrators (as used in this section, "**parents**") about our practices for collecting, using, and disclosing personal information from children under the age of 13 ("**children**"). It also requires us to obtain verifiable

consent from a child's parent for certain collection, use, and disclosure of the child's personal information. This section notifies parents of: (i) The types of information we may collect from children; (ii) How we use the information we collect; (iii) Our practices for disclosing that information; (iv) Our practices for notifying and obtaining parents' consent when we collect personal information from children, including how a parent may revoke consent; and (v) All operators that collect or maintain information from children through the Site.

This section only applies to children under the age of 13 and supplements the other provisions of this Privacy Notice. Only the other provisions of this Privacy Notice apply to teens and adults.

### **6.1 Parental Consent**

COPPA requires that Breakthrough Learning seek a parent's consent by email before collecting personal information from a child. In the email we will explain what information we are collecting, how we plan to use it, how the parent can provide consent, and how the parent can revoke consent. If we do not receive parental consent within a reasonable time, we will delete the parent contact information and any other information collected from the child in connection with that activity.

If you believe your child is participating in an activity that collects personal information and you or another parent have NOT received an email providing notice or seeking your consent, please feel free to contact us at [office@blearning.com](mailto:office@blearning.com). See Section 6.7 of this Privacy Notice for more details on how to access, correct, delete, or revoke parental consent. Breakthrough Learning will not use parent emails provided for parental consent purposes to market to the parent, unless the parent has expressly opted in to email marketing or has separately participated in an activity that allows for such email contact.

### **6.2 Information We Collect from Children**

Children can access many parts of the Site and its content and use many of its features without providing us with personal information. However, some content and features are available only to registered users. In addition, we use certain technologies, such as cookies, to automatically collect information from our users (including children) when they visit or use the Site. We collect only as much information about a child as is reasonably necessary for the child to participate in an activity, and we do not condition his or her participation on the disclosure of more personal information than is reasonably necessary.

### **6.3 Information We Collect Directly**

A child must provide us with the following information to register with this website: the child's first name and last name, school name, and the parent's email address. We also require the child to create a member name and password. We may request additional information from your child, but this information is optional. We specify whether information is required or optional when we request it.

We enable users to communicate with others on or through this Site through various methods, such as chat, messaging, and posting to public areas of the Site ("**Social Features**"). The nature of these Social Features allows children to disclose personal information about themselves. We do not monitor or review this content before it is posted, and we do not control the actions of third parties with whom your child shares his or her information. We encourage parents to educate their children about safe internet use and to monitor their children's use of Social Features.

#### **6.4 Automatic Information Collection and Tracking**

We use technology to automatically collect information from our users, including children, when they access and navigate through the Site and use certain of its features. The information we collect through these technologies may include:

- One or more persistent identifiers that can be used to recognize a user over time and across different websites and online services; and
- Information that identifies a device's location (geolocation information).

We may combine non-personal information we collect through these technologies with personal information about you or your child that we collect online.

For information about our automatic information collection practices, including how you can opt out of certain information collection, see the "Your Choice and Options Relating to Our Collection" section of this Privacy Notice.

#### **6.5 How We Use Your Child's Information**

We use the personal information we collect from your child to:

- register him or her with the Site;
- communicate with him or her about activities or features of the Site that may be of interest; and
- track his or her performance in games or other activities.

We use the information we collect automatically through technology and other non-personal information we collect to improve our Site and to deliver a better and more personalized experience by enabling us to:

- Estimate our audience size and usage patterns;
- Store information about the child's preferences, allowing us to customize the content according to individual interests; and
- Speed up your searches.

#### **6.6 Our Practices for Disclosing Children's Information**

We do not share, sell, rent, or transfer children's personal information other than as described in this section.

We may disclose aggregated information about many of our users, and information that does not identify any individual or device. In addition, we may disclose children's personal information:

- To third parties we use to support the internal operations of our Site and who are bound by contractual or other obligations to use the information only for such purpose and to keep the information confidential; and
- If we are required to do so by law or legal process, such as to comply with any court order or subpoena or to respond to any government or regulatory request.
- If we believe disclosure is necessary or appropriate to protect the rights, property, or safety of Breakthrough Learning, our customers or others, including to:
  - protect the safety of a child;
  - protect the safety and security of the Site; or

- enable us to take precautions against liability.
- To law enforcement agencies or for an investigation related to public safety.

In addition, if Breakthrough Learning is involved in a merger, divestiture, restructuring, reorganization, dissolution, or other sale or transfer of some or all of Breakthrough Learning's assets, whether as a going concern or as part of bankruptcy, liquidation, or similar proceeding or event, we may transfer the personal information we have collected or maintain to the buyer or other successor.

### **6.7 Accessing and Correcting Your Child's Personal Information**

At any time, you may review the child's personal information maintained by us, require us to correct or delete the personal information, and/or refuse to permit us from further collecting or using the child's information.

You can review, change, or delete your child's personal information by:

- Logging into your child's account and visiting his or her account profile page; or
- Sending us an email at [office@blearning.com](mailto:office@blearning.com). To protect your privacy and security, we may require you to take certain steps or provide additional information to verify your identity before we provide any information or make corrections.

### **6.8 Operators That Collect or Maintain Information from Children**

The following are all operators that may collect or maintain personal information from children through the Site:

- Google LLC, 1600 Amphitheatre Parkway, Mountain View, California, 94043, United States, (650) 253-0000, [support@google.com](mailto:support@google.com);
- Appzi, Inc., 2035 Sunset Lake Rd, Ste B-2, Newark, DE 19702, (302) 894-8922, [support@appzi.io](mailto:support@appzi.io);
- Claris International, Inc., One Apple Park Way Cupertino, CA 95014, (800) 725-2747, [claris\\_sales@claris.com](mailto:claris_sales@claris.com);

- Stripe, Inc., 510 Townsend Street, San Francisco, CA 94103, (888) 963-8955, [info@stripe.com](mailto:info@stripe.com).

## **7 YOUR CHOICE AND OPTIONS RELATING TO OUR COLLECTION.**

You can choose not to provide Personal Information. You may always decline to provide your Personal Information to us. Registering for an account is not required to access some of our online content. If you decide to register, you can choose to provide information that does not reasonably identify you to others by selecting a username that is not related to your actual name. You can also decline to provide any optional information in your account. If you choose not to provide certain Personal Information to us, some of your experiences may be affected (for example, we cannot send you our newsletter if you do not provide your email address).

### **7.1 You May Decline Other Requests.**

We use your Personal Information as needed for the purposes for which it was collected or where you have consented to our use of such information. If you do not wish to provide information to us or do not wish to consent to the uses described in this Privacy Notice, please do not use the Site, set up an account, or supply the requested information to us.

## **7.2 Online Tracking Choices.**

Most web browsers are initially set up to accept Cookies, but you can reset your browser to refuse Cookies or to indicate when a Cookie is being sent. However, some features and services of the Site (particularly those that require sign-in) may not function properly if your Cookies are disabled. Similarly, if you choose to delete session objects from the Site, you may not be able to access or use all or part of the Site or benefit from some or all of the information or features and services offered.

Some web browsers incorporate a “Do Not Track” (“DNT”) or similar feature that signals to websites that a user does not want to have the user’s online activity and behavior tracked. If a website that responds to a particular DNT signal receives the DNT signal, the browser can block that website from collecting certain information about that browser’s user. Not all browsers offer a DNT option and DNT signals are not yet uniform. For this reason, many website operations, including the Site, do not respond to DNT signals.

## **8 ACCESSING AND UPDATING YOUR PERSONAL INFORMATION.**

We do not review for accuracy or update your information regularly, but encourage you to access, review and update your Personal Information at any time. To request a copy of your Personal Information and data or for assistance regarding canceling your account, contact us at [office@blearning.com](mailto:office@blearning.com) or by calling us at +1 (888) 802-6808. We will respond to your request as soon as reasonably possible after verifying your authority to make such requests.

## **9 SAFETY AND INFORMATION SECURITY MEASURES.**

### **9.1 Security.**

We use certain physical, managerial, and technical safeguards designed to preserve the security of your information that we maintain in connection with your use of the Site. For example, we encrypt all data with secure sockets layer (SSL) or similar technologies when we transmit your data. This, however, does not guarantee that your information may not be accessed, disclosed, altered, or destroyed by any breach of our physical, technical or managerial safeguards. In the event that any of your Personal Information under our control is compromised as a result of a breach of security, we will take reasonable steps to investigate the situation and will notify you, as appropriate, in accordance with pertinent laws and regulations.

### **9.2 Storage.**

We or our third-party hosting providers store Personal Information in operating environments that are safeguarded against public or unauthorized access and protected from internal access with physical and technical security measures. While these measures are helpful to safeguard your Personal Information after we receive it, no transmission of data over the internet is 100% secure.

## **10 NOTICE TO USERS OUTSIDE THE UNITED STATES.**

Please be aware that we are headquartered in the United States. The Site is governed by United States law. If you are using any of our products or services from outside of the United States, your information may be transferred to, stored, and processed in the United States where our servers may be located. The United States might not offer the same level of privacy protection as the country where you reside or are a citizen. BY USING THE SITE, COMMUNICATING WITH US VIA MAIL, EMAIL OR TELEPHONE, OR OTHERWISE PROVIDING INFORMATION TO US, YOU CONSENT TO THE TRANSFER TO, AND PROCESSING OF, YOUR INFORMATION IN THE UNITED STATES.

## **11 THE GENERAL DATA PROTECTION REGULATION (“GDPR”).**

Residents of the European Economic Area (“EEA”) may be entitled to rights under the GDPR. If you qualify, these rights are summarized below.

If you request to exercise your rights under the GDPR, we may require verification of your identity before we respond to any such request. If you are entitled to these rights, you may exercise the following rights with respect to your Personal Information that we collect and store:

- the right to withdraw consent to data processing at any time;

Any requests to exercise the above-listed rights may be made to: [office@blearning.com](mailto:office@blearning.com). If you are an EEA resident, you have the right to lodge a complaint with a Data Protection Authority about how we process your Personal Information at the following website: [https://edpb.europa.eu/about-edpb/board/members\\_en](https://edpb.europa.eu/about-edpb/board/members_en).

## **12 CALIFORNIA SHINE THE LIGHT LAW.**

California Civil Code § 1798.83 permits users who are California residents to obtain from us once a year, free of charge, a list of third parties to whom we have disclosed Personal Information (if any) for direct marketing purposes in the preceding calendar year. If you are a California resident and you wish to make such a request, please send an e-mail with “California Privacy Rights” in the subject line to [office@blearning.com](mailto:office@blearning.com).

## **13 CALIFORNIA MINORS.**

When requesting removal, you must specify the information you want removed and provide us with specific information, such as the URL for each page where the information was entered, so that we can find it. We are not required to remove any content or information that: (1) federal or state law requires us or a third party to maintain; (2) was not posted by you; (3) is anonymized so that you cannot be identified; (4) you do not follow our instructions for removing or requesting removal; or (5) you received compensation or other consideration for providing the content or information. Removal of your information from the Site does not ensure complete or comprehensive removal of that information from our systems or the systems of our service providers. We are not required to delete information posted by you; our obligations under California law are satisfied so long as we anonymize the information or render it invisible to other users and the public.

## **14 CHANGES TO THIS PRIVACY NOTICE.**

Because our privacy practices and privacy law necessarily evolve over time, we reserve the right to revise this Privacy Notice from time to time in our sole discretion, upon notice to you such as by posting updated Privacy Notice on the Site, sending you an email to your account email, or by any other reasonable means.

You should periodically review this Privacy Notice to ensure that you are familiar with the most current version. Your continued use of the Site after the Effective Date posted above will constitute your acceptance of the updated Privacy Notice.

#### **15 PRIVACY QUESTIONS AND CONTACT INFORMATION.**
